Ninth Grade

Unit 1 Time to Have Fun! 2019

Once
Upon a Time
I Enjoyed...

Student A: Hi there, how have you been?

Student B: I've been good, how about you?

Student A: Very good, thank you for asking. I was wondering, have you ever gone fishing?

Student B: Yes, I have gone fishing. I usually go with my mom on the weekends if the weather is nice.

Student A: My friend asked me to go this weekend, but I have never gone. I was hoping you could tell me some tips and things that I should expect for the trip?

Student B: You should check the weather before you go. Last time, I went fishing it was very sunny, but I had forgotten sunscreen. Thankfully, my mom had brought a hat that I used so my face didn't get sunburnt.

Student A: That sounds like good advice. Anything else you would recommend?

Student B: You should consider bringing food and water as well. Last time we went fishing, we spent the whole day on the lake and had forgotten to bring food, so we were very hungry by the time we had gotten home.

Student A: Great advice! Did you catch any fish?

Student B: We did! We caught 10 sunfish that we brought home. We ate five of them and froze the rest to eat later.

Student A: Yum! What's your favorite part about fishing?

Student B: My favorite part is the feeling once you have caught something on your line. It's very exciting!

Student A: I bet! Sounds like a lot of fun. I am excited for our fishing trip this Saturday.

Student B: You should be! I hope you enjoy it.

Student A: I will, thank you again for your advice!
