## Ninth Grade

### Unit 1 Time to Have Fun! 2019

The Most  
Fun I've  
Ever Had!

**Student A:** I had the best night ever last weekend!

**Student B:** Oh really?. What did you do?

**Student A:** Well, I was in Italy with a friend. We went for two weeks to travel and explore the country. Have you ever been to Italy?

**Student B:** I haven't been, I hardly ever travel. What is it like? What did you do while you were there?

**Student A:** We travelled to several different places, including Rome, Florence, and Milan.

**Student B:** What was your favorite part about the trip?

**Student A:** My favorite part was going to the Tower of Pisa. We took a lot of pictures and, after we had finished a tour, we sat in a cafe to drink coffee and eat.

**Student B:** Sounds like a great day! I heard that Italy has the best pasta and pizza.

**Student A:** The food was amazing, particularly the pizza. You should go visit!

**Student B:** I might someday! However, I would rather go to Switzerland.

**Student A:** Why Switzerland?

**Student B:** A few years ago, I went to Switzerland with my younger sister.

**Student A:** What did you do while you were there?

**Student B:** We skied on the mountains and ate a lot of chocolate. It is the best trip I have ever gone on!

**Student A:** That also sounds like fun. I will have to go there someday.
