

# Teacher's Guide for the New English Curriculum

## Ninth Grade

### Unit 1 Time to Have Fun! 2019

## Try it!

**Student A:** Hi there! What are you doing?

**Student B:** Hello! I am about to go sailing.

**Student A:** I haven't ever gone sailing before, is it difficult?

**Student B:** I find it fun and relaxing. I have been sailing now for five years.

**Student A:** That's a long time! Do you have any other hobbies?

**Student B:** I also play the clarinet and enjoy gardening. Do you have any hobbies?

**Student A:** I collect stamps and travel. Whenever I travel I look for new stamps, I have collected stamps from 15 different countries!

**Student B:** That's impressive! I should go travelling more.

**Student A:** You should try it. Travelling is a lot of fun! There are a lot of different places you can explore. You must be good at budgeting your money.

**Student B:** Yes, travelling can be an expensive hobby. How often do you travel?

**Student A:** I've gone on a trip twice a year for the past three years.

**Student B:** Very cool! What places have you gone to?

**Student A:** I've gone to Peru, Panama, and Canada. Last year I went to Brazil.

**Student B:** Really? I would love to visit Peru someday.

**Student A:** It was an incredible trip. We even went to Machu Picchu!
